NFC Academy Lesson Planner

1st Grade Language Arts Units 1 – 5

This NFC Academy Teacher Guide is designed to keep homeschool families on track for a completion during a school year program of approximately 180 days. Schedules may vary and the parent may adjust the teaching assignments as required by the home schedule, but all work must be completed. Information in this teacher guide comprises five units of study in a course and most units have 10 units for a full year. The parent may record the date each unit is completed or may plan out the unit's work and record the date to be completed. This Teacher Guide is a tool to assist the parent in meeting the educational goals for their child.

The following explanations to this Teacher Guide:

Day: The day of your school year from start date. It should take you 15-18 days to complete a unit and with 10 units per subject that results in the 180 days of the program.

Date to Complete: That can be used to record the date you completed the study, or may be best used by establishing the date for each lesson to be completed. You may do more than one lesson per day when you carry over a lesson to the next day's assignment, and make adjustments to ensure that your child has covered the material adequately. Flexibility can be made to fit your schedule, but most of the time a regular routine helps ensure that you stay on a track to finish as you planned.

Teacher Notes: Refers to the page number from the Teacher's Curriculum Guide that was sent to you. This is where you have the information needed to conduct each lesson.

Student LIFEPAK: The student work book that will correspond to the information from the Teacher Notes.

Worksheet: Refers to the worksheet for the assigned lesson located in the back of the Teacher's Guide. Page number is listed for the worksheet. Check to ensure that you use the worksheet for the page of the lesson in the Student Life Pac and Teacher's Guide lesson of the day.

Language Arts: Refers to the LIFEPAK first grade language arts work texts which are Bible-based and are filled with practical grammar and penmanship lessons. Your student will learn phonics, reading and other language skills as part of the lessons, including but not limited to writing letters and simple words, learning sounds and associating pictures with beginning letters. Each work text includes concept reviews, self-tests, and one removable teacher-administered unit test to solidify comprehension.

Reading Series Reading Basics: Students should start reading as soon as possible based on their previous learning from kindergarten. Students who have developed good phonemic awareness will be ready to read soon. While there is significant reading as a part of the lessons the additional reading using Reading Basics should be considered an essential part of the curriculum to be completed. As the school year progresses students will be improving in their reading skills noticeably. One suggested study plan could be:

- Units 1 and 2 Complete Book 1 Dog in the Tub.
- Units 3 and 4 complete Book 2 Cotton Candy
- Units 5 and 6 complete Book 3 Oats Are For Goats

- Units 7 and 8 complete Book 4 Flying My Kite
- Units 9 and 10 complete Book 5 The Gold Coin

NFC Academy Resource Teacher: You will be assigned an NFC Academy Resource teacher who will be available to answer your questions throughout your school year.

Report Cards: Report card grades will be created for each semester with the units 1-5 comprising the grades for the first reporting period. The second report period will be made up of units 6-10. Your NFC Academy Resource teacher will have the necessary paperwork for you to complete. Once you have completed the grades you will submit to your Resource teacher who will complete the report card grades for you. Report card grades will be available online using your RenWeb Parent Portal. Final report cards will be sent to you by the NFC Academy office.

This NFC Academy Teacher Guide is designed to keep homeschool families on track for a completion during a school year program of approximately 180 days. Schedules may vary and the parent may adjust the teaching assignments as required by the home schedule, but all work must be completed. Information in this teacher guide comprises five units of study in a course and most units have 10 units for a full year. The parent may record the date each unit is completed or may plan out the unit's work and record the date to be completed. This Teacher Guide is a tool to assist the parent in meeting the educational goals for their child.

The following explanations to this Teacher Guide:

Day: The day of your school year from start date. It should take you 15-18 days to complete a unit and with 10 units per subject that results in the 180 days of the program.

Date to Complete: That can be used to record the date you completed the study, or may be best used by establishing the date for each lesson to be completed. You may do more than one lesson per day when you carry over a lesson to the next day's assignment, and make adjustments to ensure that your child has covered the material adequately. Flexibility can be made to fit your schedule, but most of the time a regular routine helps ensure that you stay on a track to finish as you planned.

Teacher Notes: Refers to the page number from the Teacher's Curriculum Guide that was sent to you. This is where you have the information needed to conduct each lesson.

Student LIFEPAK: The student work book that will correspond to the information from the Teacher Notes.

Worksheet: Refers to the worksheet for the assigned lesson located in the back of the Teacher's Guide. Page number is listed for the worksheet. Check to ensure that you use the worksheet for the page of the lesson in the Student Life Pac and Teacher's Guide lesson of the day.

Language Arts: Refers to the LIFEPAK first grade language arts work texts which are Bible-based and are filled with practical grammar and penmanship lessons. Your student will learn phonics, reading and other language skills as part of the lessons, including but not limited to writing letters and simple words, learning sounds and associating pictures with beginning letters. Each work text includes concept reviews, self-tests, and one removable teacher-administered unit test to solidify comprehension.

Reading Series Reading Basics: Students should start reading as soon as possible based on their previous learning from kindergarten. Students who have developed good phonemic awareness will be ready to read soon. While there is significant reading as a part of the lessons the additional reading using Reading Basics should be considered an essential part of the curriculum to be completed. As the school year progresses students will be improving in their reading skills noticeably. One suggested study plan could be:

- Units 1 and 2 Complete Book 1 Dog in the Tub.
- Units 3 and 4 complete Book 2 Cotton Candy
- Units 5 and 6 complete Book 3 Oats Are For Goats

- Units 7 and 8 complete Book 4 Flying My Kite
- Units 9 and 10 complete Book 5 The Gold Coin

NFC Academy Resource Teacher: You will be assigned an NFC Academy Resource teacher who will be available to answer your questions throughout your school year.

Report Cards: Report card grades will be created for each semester with the units 1-5 comprising the grades for the first reporting period. The second report period will be made up of units 6-10. Your NFC Academy Resource teacher will have the necessary paperwork for you to complete. Once you have completed the grades you will submit to your Resource teacher who will complete the report card grades for you. Report card grades will be available online using your RenWeb Parent Portal. Final report cards will be sent to you by the NFC Academy office.
